Who is Our Last Night?

Our Last Night is an American post-hardcore band, formed in 2004 by four members, consisting of brothers Trevor (vocals) and Matthew (guitar, vocals) Wentworth, Alex "Woody" Woodrow (bass guitar), and Timothy Molloy (drums). The band is known for its post-hardcore and alternative metal renditions of popular pop songs.

Music

The band's sound has been described as a mixture of post-hardcore and alternative rock with some elements of metalcore.[19] The early releases featured fewer clean vocal parts while the contemporary material is more melodic with the role of unclean vocals noticeably reduced. Matt Wentworth occasionally plays a downtuned seven-string guitar that helps bring some elements of djent to the overall sound.

History

The band has done many covers on their official YouTube channel including "Radioactive" by Imagine Dragons, "Blank Space" by Taylor swift, ,
